The Student InterCouncil (SIC) is the recognized forum of student opinion and the primary vehicle for student participation in university governance. The organization comprises representatives from each of the six schools and from the minority and international student constituencies. The SIC contributes to the quality of student life by participating in the development and implementation of policies and procedures affecting students; providing funds to support special projects of individual students and other student organizations; representing student interests on external and internal committees; improving communication among the schools through the *Student News and Views* bimonthly publication; and planning and implementing activities that address the special needs of students. Each year, the SIC sponsors a fund raising event for student scholarships in each of the six schools.
