

Postdoctoral Fellowship in Vascular Biology

A postdoctoral fellowship in vascular biology is available in the Research Center for Human Genetics at Institute of Molecular Medicine, the University of Texas Health Science Center at Houston. Candidates with PhDs in cell and molecular biology or other related areas are encouraged to apply. Trainees will gain expertise in areas of gene therapy, cell therapy, mouse genetics, and atherosclerosis. Please visit detail description of the laboratory at http://www.uth.tmc.edu/uth_orgs/imm/faculty/teng.htm

To apply, please send a CV including a brief statement of research interest and career goal, and the contact information for 3 references (affiliation, email address, and phone numbers) to:

Ba-Bie Teng, PhD
Associate Professor
Institute of Molecular medicine
1825 Pressler Street, Suite 530D
Houston, TX 77030
