

Postdoctoral Position in molecular and cell biology

A postdoctoral position is immediately available in the laboratory of Dr. Renhao Li at the Center for Membrane Biology, Department of Biochemistry and Molecular Biology, University of Texas Medical School at Houston (<http://www-bmb.med.uth.tmc.edu/faculty/renhao-li.html>). He/she should be interested in the regulation mechanism of cell adhesion receptor complexes and its potential application in treating cardiovascular diseases, and proficient in molecular and cell biology techniques. The position will be for a minimum of three years with salary based on NIH postdoctoral trainee guidelines. A Ph.D. in biochemistry, molecular biology, cell biology or related field is required. Excellent communication skills and readiness to work with other researchers is desired. Interested applicants should send a brief letter describing their graduate work, curriculum vitae including bibliography, and names of three references to Renhao.Li@uth.tmc.edu.
