

Postdoctoral Research Fellow

Position available to study *Bacillus anthracis*-host interactions, including virulence mechanisms and host-induced gene expression. Strong consideration will be given to applicants with experience in molecular genetics, microscopy, cell culture and animal models. A recent Ph.D. in microbiology or a related area is required. Applicants must be able to comply with Select Agent regulations and pass Department of Justice security risk assessment. Send CV, description of research experience, and names/tele./e-mail of three referees to Dr. Theresa M. Koehler, Professor, Department of Microbiology and Molecular Genetics at: Theresa.M.Koehler@uth.tmc.edu
