

THE UNIVERSITY of TEXAS
HEALTH SCIENCE CENTER AT HOUSTON
MEDICAL SCHOOL

Postdoctoral position

One post-doctoral fellow position is immediately available in the Laboratory of Dr. Jianping Jin, Department of Biochemistry & Molecular Biology, The University of Texas Medical School at Houston. The general focus of the research is signal transduction pathways that prevent DNA re-replication in somatic and stem cells.

Applicants should be highly motivated and have a Ph.D. and/or M.D. degree with a strong background in cellular and molecular biology, biochemistry or related disciplines. Applicants should have demonstrated scientific productivity, good communication skills, and be able to conduct independent research. Fellow will have access to cutting-edge technologies, such as genome-wide RNAi screen and the opportunity for collaborations with other laboratories at Texas Medical Center in Houston.

To apply, please send a current resume/CV, brief statement of research interests and email three recommendation letters to Dr. Jianping Jin at Jianping.jin@uth.tmc.edu.

The University of Health Science Center at Houston is an EEO/AA Employer. M/F/D/V. This is a security sensitive position and thereby subject to Education Code §51.215. A background check will be required for the final candidate.
