MAY 20, 2010

PRESENTING:

JERRY MANK, MD, NOELLE O'SHEA, DO AND, DAVE RICHARDS, MD

GI Pathology Conferences

The GI Pathology conference is held four times during each fellowship year on a third Thursday at 5:00 pm. Selected cases are present by fellows with pathologists and other ancillary faculty and staff.

The information gleaned from these teaching conferences is invaluable in achieving the education goals of the program.
