

**University of Texas-Genetic Fellowship/Residency Program
Typical Clinical Medical Genetic Resident/Fellow Schedule**

Year 1

July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	June
MGCCR (1,2,3)		MGSCR (1,2,3)	Research		MGCCR (1,2,3)		Research		MGCCR (1,2,3)		Research
		Genetics and Human Diseases(4)			Molecular and Cellular Approaches in Human Genetics (4) Cancer Genetics Course (7)						

Year 1 includes: 6 months – Medical Genetics Clinical Care Rotation (MGCCR)
 5 months – Research
 1 month – Medical Genetics Specialty Clinics Rotation (MGSCR)
 All didactic course work

Year 2

July	Aug	Sept	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	June
MGCCR (1,2,3)		MGCR (7)		MGPR (1,2)	MGCLR (6)	MGBMLR (5)	MGCCR (1,2,3)		Research		MGCCR (1,2,3)

Year 2 includes: 6 months – Medical Genetics Clinical Care Rotation (MGCCR)
 2 months – Medical Genetics Cancer Rotation (MGCR)
 2 months – Medical Genetics Prenatal Rotation (MGPR) (6 weeks)
 and the Medical Genetics Cytogenetics Laboratory Rotation
 (MGCLR) (2 weeks)
 1 month – Medical Genetics Biochemical and Molecular
 Laboratory Rotation (MGBMMLR) (2 weeks Biochemistry/ 2
 weeks Molecular)
 1 month – Research
