

**Eighth International Conference
on the Ultrasonic Measurement and Imaging
of Tissue Elasticity[©]
Vlissingen, Zeeland, The Netherlands
September 14 – 17, 2009**

2009 Oral Presentation Instructions

Prepare the presentation in Power Point[®].
Speaking time is 12 minutes with 3 minutes for questions.

Monday, September 14, 2009

Bring the presentation to the Conference on a CD or memory stick. Present it to the AV Manager for loading onto the Conference computer between 9:00 am – 12:00 pm*.

Presentations **MUST** be loaded at least 4 hours prior to presentation. Changed presentations may **ONLY** be loaded after that at the discretion of the AV Manager. No changed presentations are guaranteed to be loaded.

The Conference computer runs the data projector.

The Conference computers run Windows XP Professional[®] and have the following programs:

- Microsoft Power Point 2007[®] (v2000 and v2003 presentations acceptable)
- Windows Media Player[®] 10.00.00.4058 (automatically updated to latest version)
- QuickTime[®] 6.5.2

Please check that the entire presentation (including movies) can run from Power Point[®] **BEFORE** the Conference.

If the presentation contains a **movie**, please **embed** the movie in the Power Point[®] presentation; please see separate **Movie Instructions**.

If the presentation is created on a MAC, please run it on a similar PC from Power Point[®] **BEFORE** the Conference.

If necessary, special arrangements may be made with the Conference to try sample presentations on the Conference computer

BEFORE July 1, 2009

For any questions or concerns, please contact us by email at:
